

GULF METALWORKING FLUIDS

your local global brand

GULFCUT 46-UA

Medium viscosity heavy duty neat cutting oil for all metals

Description

A high performance, chlorine free neat metalworking lubricant. The product gives superior surface finish and enhanced tool-life on a wide variety of metals.

Benefits

Excellent lubricity	Excellent surface finish
Excellent EP performance.	Enhanced tool-life
Cost effective	Very economical in-use
Chlorine free	Suitable for difficult alloys

Typical Physical Properties

Appearance	Clear amber fluid
Specific Gravity	~0.875 @ 20°C
Foaming Tendency	Low
Viscosity at 40°C	22 cSt
Lubricity	High
Usage Concentration	As supplied

Suitability

Gulfcut 46-UA is suitable for a multitude of machining operations including gear cutting, grinding and drilling on a wide variety of difficult to machine materials as well as non-ferrous metals such as brass. This product contains non-active sulphur EP additives and synthetic esters making it suitable for heavy duty applications.

Gulfcut 46-UA can top-up all common neat metalworking fluids without adverse effect.

Storage:

- Store in a cool, well ventilated area
- Store inside, ideally between 10°C and 30°C
- Store away from direct heat and frost
- Shelf life 12 months from the date of manufacture
- Avoid water collecting on the barrel top
