

Gulf Chainsaw Oils

Industrial Chainsaw oils

Gulf Chainsaw Oils are blended using carefully selected base oils with special additives to provide very good adhesive strength at the chain which helps avoiding loss of oil and provides excellent lubrication. These oils are formulated to provide adequate lubrication to avoid breaking of chain or getting jammed.

Features & Benefits

- Very good adhesive strength which helps in avoiding oil loss due to gravity thus helps in reducing oil consumption.
- It has excellent lubricating properties, helps to prevent premature chain failure and to extend working life.
- The specially selected additives also inhibit rust.

Applications

- Recommended for use on the Chains of Industrial Chain Saw.

Note: These are not suitable for automotive or re-creational engine chains. Please contact Gulf representative for recommendation on such applications.

Typical Properties

ISO Viscosity grades		68	100	150	220
Test Parameters	ASTM Method	Test Values			
Viscosity @ 40 °C, cSt	D 445	68.3	100.2	152.2	221
Viscosity Index	D 2270	103	97	97	96
Flash Point, °C	D 92	220	230	234	240
Pour Point, °C	D 97	-15	-15	-15	-15
Density @ 15°C, Kg/l	D 1298	0.8828	0.8875	0.8931	0.8993
Rust Test	D 665 B	Pass	Pass	Pass	Pass
