GULF VANISHING OIL CN40

Superior Quality Fast Drying Vanishing Forming Oil

Description

Vanishing Oil CN 40 is a modern, low viscosity, very low odour metal forming lubricant designed for use with a wide variety of materials and applications. Vanishing Oil CN 40 evaporates very quickly to leave the component dry, thus reducing the need for degreasing.

Benefits

- ◆ Very low odour
- ◆ High lubricity
- ◆ Operator friendly
- ◆ Compatible with a wide range of materials
- ◆ Excellent surface finish
- ◆ Enhanced tool life
- ◆ Chlorine & sulphur free
- ◆ Fast drying

Typical Physical Properties

Appearance	Water white liquid
Odour	Bland
Specific Gravity at 20°C	0.83
Viscosity at 40°C	2 cSt
EP performance	Good
Lubricity	Good

Application Method

Gulf Vanishing Oils can top-up all common vanishing without adverse effect, although the benefits of using a Gulf product will not then be fully appreciated. The oil can be applied by brush, swab, roller, or automatic applicator.

Storage:

- Store in a cool, well ventilated area
- Store inside, ideally between 10°C and 30°C
- Store away from direct heat and frost
- Shelf life 12 months from the date of manufacture
- Avoid water collecting on the barrel top
